

## Our Objectives

1. Develop and implement a collaborative e-learning platform for higher education institutions.
2. Foster cooperation and exchange of best practices among the participating universities.
3. Improve digital and transversal skills of students and staff through the e-learning platform and online debates.
4. Enhance the internationalization and modernization of higher education using digital tools.
5. Promote innovation, entrepreneurship, and the use of ICT in higher education teaching and learning.

## Consortium

The DEBATE project develops a collaborative e-learning platform to improve digital skills and foster cooperation among universities in five European countries.

## ERASMUS+ PROJECT

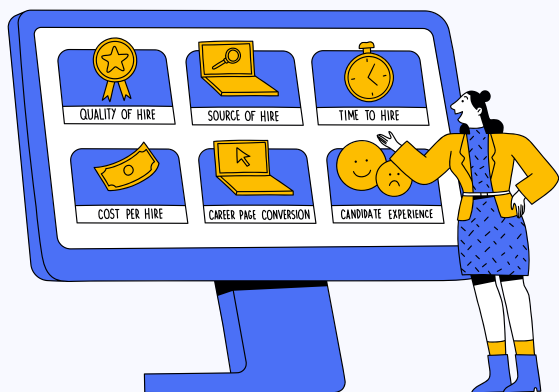

"The "DEBATE project is co-funded by the Erasmus+ programme of the European Union. The content of this publication is the sole responsibility of this project Consortium and neither the European Commission nor the Spanish National Agency are responsible for any use that may be made of the information contained therein."

Co-funded by  
the European Union

# Our Project Activities

## 1. Preparation of Teaching and Training Materials:

- Development of high-quality teaching and training content for the e-learning platform

## 2. Development of the Collaborative E-Learning Platform:

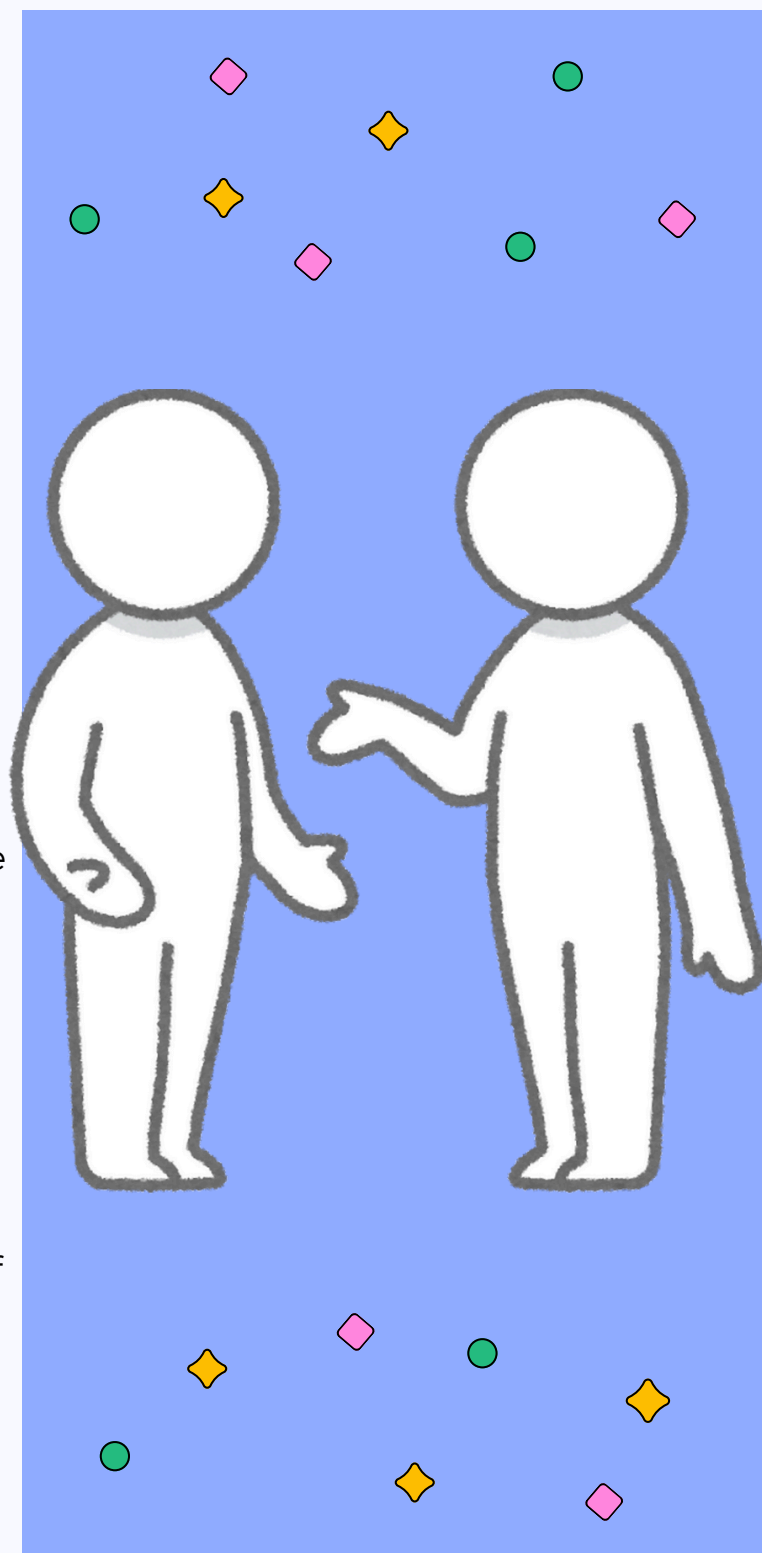

- Design and implementation of the online collaborative platform

## 3. Organization of Online Debates:

- Facilitation of virtual discussions and exchanges among students and staff

## 4. Communication and Dissemination:

- Promotion of the project and its results to the wider higher education community

# Results

1

Development of a collaborative e-learning platform that facilitates online debates and the exchange of teaching and training materials among the partner universities.

2

Creation of high-quality teaching and training materials that can be shared and used across the partner institutions.

3

Increased digital and transversal skills of students and staff in the participating universities through the use of the e-learning platform and engagement in online debates.

4

Strengthened cooperation and exchange of best practices among the higher education institutions involved in the project, fostering internationalization and modernization of their educational offerings

5

Increased visibility and dissemination of the project's outputs and results to the broader higher education community.
